

PURPOSE OF THE EMERGENCY MANAGEMENT PERFORMANCE GRANT (EMPG)

The EMPG Program provides resources to assist state, local, tribal and territorial governments in preparing for all hazards, as authorized by Section 662 of the Post Katrina Emergency Management Reform Act (6 U.S.C § 762) and the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (42 U.S.C. §§ 5121 et seq.). Title VI of the Stafford Act authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the federal government and the states and their political subdivisions. The FY 2014 EMPG will provide federal funds to assist state, local, tribal and territorial emergency management agencies to obtain the resources required to support the National Preparedness Goal's (NPG's) (the Goal's) associated mission areas and core capabilities. The federal government, through the EMPG Program, provides necessary direction, coordination, and guidance, and provides necessary assistance, as authorized in this title to support a comprehensive all hazards emergency preparedness system.

The Emergency Management Performance Grant Program is to support a comprehensive, all-hazard emergency preparedness system by building and sustaining the core capabilities contained in the National Preparedness Goal.

Examples include:

- Completing the Threat and Hazard Identification and Risk Assessment (THIRA) process;
- Strengthening a state or community's emergency management governance structures;
- Updating and approving specific emergency plans;
- Designing and conducting exercises that enable whole community stakeholders to examine and validate core capabilities and the plans needed to deliver them to the targets identified through the THIRA;
- Targeting training and verifying identified capabilities;
- Initiating or achieving a whole community approach to security and emergency management.

For additional details on priorities for the EMPG Program please refer to Appendix A – FY 2014 EMPG Program Priorities.

current list of sub-grants

Sub-Awardee		Duration of Grant	Grant Amount	Required Local Match	FTE's
BARBOUR	County Commission	January 1 through December 31, 2013	\$34,624.00	\$34,624.00	1
BERKELEY	County Commission	January 1 through December 31, 2013	\$90,670.00	\$90,670.00	4

PURPOSE/OBJECTIVE;

To provide funding support to states, Indian tribal governments, territories, communities, and other eligible applicants to reduce the risk of future damage, loss of life and property in any area affected by a major disaster. This program promotes implementation of activities designed to reduce injuries, loss of life, and damage and destruction to property from natural hazards which is consistent with DHS QHSR Goal 5.1, "Mitigate Hazards" and links to Presidential Policy Directive (PPD-8) - National Preparedness, Security, Resilience, Prevention, Mitigation, Response, Protection, and Recovery.

	Total	<u>\$46,226.19</u>	<u>\$138,678.56</u>	<u>\$184,904.75</u>

Objectives
 Hazardous Materials Emergency Preparedness Grant (HMEP): To increase State, local, territorial and Native American tribal effectiveness to safely and efficiently handle hazardous materials accidents and incidents; enhance implementation of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA); and encourage a comprehensive approach to emergency planning and training by incorporating response to transportation standards. Hazardous Materials Instructor Training Grant (HMIT): To "train the trainer" – that is, to train hazmat instructors who will then train hazmat employees in the proper handling of hazardous materials. Supplemental Public Sector Training Grants (SPST): to increase the number of hazardous materials training instructors, thereby increasing the number of training instructors available to conduct hazardous materials responder training programs for individuals with statutory responsibility to respond to hazardous materials accidents and incidents.
