

Chemical Safety, Security and Transportation Workshop

August 24, 2017 8:30am – 4:00pm

WV SERC Conference – Charleston Town Center Marriott

Charleston, WV

What is the workshop about?

This one-day event is part of the 2017 WV State Emergency Response Commission Conference. It will feature EPA, OSHA, DHS, DOT, FRA, USCG, WVDEP and more to help you and your organization with emergency planning and community right to know, chemical safety, chemical facility security and chemical transportation safety. There will also be discussion panels and opportunity to meet the regulators and ask questions.

Who should attend?

Intended audience includes chemical manufacturers and processors, oil and chemical storage and transporters, institutional users, emergency responders, emergency planning committees, state and local emergency response organizations.
